

National digitalisation strategy briefing

Country: (XXXXXXXX)

References: *(Official name of the National digitalisation strategy and link(s) to the relevant document(s) published on governmental web sites)*

The information in this presentation will be used to brief the experts evaluating proposals for European Digital Innovation Hubs funded by the DIGITAL programme.

Key priorities

- *Short description of the key priorities of the National digitalisation strategy*
- *Suggested: 3-6 bullet points*
- *Example: geographical coverage should not leave behind the less developed regions XX and YY*
- *Example: technological coverage should include the areas which are most relevant for SMEs in the country like agrifood, tourism and life sciences*
- *Example: xxxxxxxx*

Summary

- *A short summary of the criteria that should be taken into account in the ranking of EDIH proposals*
- *Example: hubs with established links to existing EEN initiatives and regional smart specialization strategies should be preferred as can potentially have an higher impact on local SMEs*
- *Example: several candidate hubs plan to operate in the region XXX; only one of them should be selected to guarantee appropriate coverage of other regions*
- *Example: xxxxx*

Further information

- *Any further information that you consider relevant for the evaluators (please be concise!)*
