5 de enero de 2024

Anexos: 2 (disponibles en inglés solamente)

Asunto: Oportunidades de enseñanza y formación de la Organización Meteorológica Mundial para 2024

Finalidad: Para información y para que se adopten las medidas pertinentes, según proceda

Estimado señor/Estimada señora:

En cumplimiento del objetivo 4 del [Plan Estratégico de la OMM para 2024-2027](#) (OMM-Nº 1336) —que aborda, entre otras, la necesidad de perfeccionar y mantener las competencias y conocimientos básicos—, tengo el placer de informarle sobre las oportunidades de enseñanza y formación que la Organización Meteorológica Mundial (OMM) prevé respaldar durante 2024. Los Miembros interesados en presentar candidatos idóneos deberán consultar el documento *Compendium of WMO fellowships and training opportunities* (Compendio de becas y oportunidades de formación de la OMM) para 2024, que puede descargarse de la [Plataforma Comunitaria](#) de la OMM, así como seguir cuidadosamente las instrucciones. Las becas y oportunidades de formación de la OMM tienen por objeto apoyar las candidaturas de los Servicios Meteorológicos e Hidrológicos Nacionales (SMHN) de los países menos adelantados, los países en desarrollo, los países con economías en transición, los pequeños Estados insulares en desarrollo y los países más vulnerables a los desastres naturales.

Las becas para 2024 son propuestas por 14 asociados de la OMM en materia de enseñanza y formación procedentes de 11 países y ofrecen una gran variedad de oportunidades en los ámbitos de la meteorología, la hidrología y la climatología. Salvo que se indique lo contrario en el Compendio, los candidatos que soliciten una beca para cursar estudios en una institución deberán obtener en primer lugar una carta de admisión de dicha institución, o estar en proceso de obtenerla, antes de presentar su candidatura a la OMM.

Asimismo, para ayudarle a elegir la institución más adecuada para su(s) candidato(s), se le recomienda que consulte la lista de asociados que figura en el Compendio y en el [sitio web de los Centros Regionales de Formación \(CRF\) de la OMM](#), que contienen, respectivamente, información sobre las becas y las oportunidades de formación que ofrecen las instituciones y los países que han suscrito un acuerdo especial con la OMM. Antes de presentar la(s) candidatura(s), se le invita a que lea detenidamente el documento "*Guide on nominations for fellowships and training*" (anexo I, Guía sobre la presentación de candidaturas para becas y oportunidades de formación), así como las [Directrices para solicitar una beca de la OMM](#) (OMM-Nº 1104).

La Secretaría de la OMM organizará visitas de familiarización en grupo en 2024 para los Representantes Permanentes recién nombrados. Se alienta a los altos directivos que estén interesados en este programa a que presenten su solicitud de participación. Se comunicarán las fechas y los horarios de las visitas a su debido tiempo.

A los Representantes Permanentes de los Miembros ante la OMM

Copias: Asesores Hidrológicos

Habida cuenta de las limitaciones presupuestarias de la OMM, le invito a que reflexione detenidamente sobre las candidaturas que desea presentar. Por ello, sería útil que estudiara en qué medida su solicitud satisface las necesidades de creación de capacidad en materia de recursos humanos de su SMHN, teniendo también en cuenta la equidad de género.

Sírvase tomar nota de que los plazos para la presentación de candidaturas para los asociados en materia de becas de la OMM y las candidaturas generales a la OMM se indican en el cuadro de información correspondiente a cada uno de los asociados de becas. No obstante, la Secretaría podría transmitir información sobre otras oportunidades de enseñanza y formación profesional, así como recibir solicitudes *ad hoc*, que se tratarían de conformidad con los criterios establecidos.

Quisiera también aprovechar esta ocasión para pedirle que nos informe sobre las becas y oportunidades de formación que sus instituciones nacionales ofrecen y a las que la OMM podría aportar su colaboración. Le agradecería que comunicase todo interés en establecer asociaciones mutuamente beneficiosas al director de la Oficina de Enseñanza y Formación Profesional, quien podrá, a su vez, entablar negociaciones en nombre de la OMM. Las propuestas de colaboración pueden presentarse en cualquier momento del año. También pueden comunicarse a otros Miembros a través de la [Plataforma Comunitaria de la OMM](#) y del [calendario de eventos del Campus Mundial de la OMM](#).

Quisiera expresarle mi agradecimiento por su continuo apoyo a las actividades de la OMM.

Le saluda atentamente.

Prof. Celeste Saulo
Secretaria General

GUIDE ON NOMINATIONS FOR FELLOWSHIPS AND TRAINING

2024 Compendium of WMO Fellowships and Training Opportunities: Requirements and Guide for Application

Ref.: 27624/2023-13 MS/ETR

1. Read through the [Guidelines for Applying for a WMO Fellowship](#) (WMO-No. 1104).
2. Check for available fellowship and training opportunities in the Compendium and on the [Regional Training Centre \(RTC\) website](#).
3. For fellowship nominations, a completed Fellowships Nomination Form (FNF) is required (the FNF can be downloaded from the [WMO Education and Training Programme website](#)).
4. The FNF must be signed by the Permanent Representative or a formally delegated alternative signatory and sent to the Secretary-General of WMO by the closing dates stipulated for that opportunity.
5. Any nomination must provide an admission letter from the institution for the requested course. The admission letter or accompanying documentation should provide the start and end dates of the course and the costs involved. To obtain the admission letter, candidates must apply to the institution who checks the academic, language and other requirements for that institution.
6. The applicant must be proficient in the language of study and/or provide the documentation regarding their language proficiency as required by the institution. Please note some institutions require an English language test, such as IELTS or TOEFL which may take time to obtain.
7. If multiple candidates are nominated, the Permanent Representative must also provide a priority listing for the candidates.
8. The nominating Member should pay attention to the eligibility quality of the candidates to avoid any future withdrawal, drop out, failure and extension of study.
9. Any fellowship award requires all due and overdue post fellowship reports from previous fellows (completion report and 24 month post fellowship report, PR familiarization reports) to be provided to WMO.
10. Deadlines for nominations must be respected. Late nominations beyond the deadlines are normally not considered. The issuance of the admission letter from institutions and obtaining the result of a required language test takes time. If such a request is foreseen, candidates are suggested to take action as early as possible.

For courses offered by WMO RTCs of less than one month, candidates must use the nomination forms provided by the RTC. A signed request by the PR of the WMO Member is required for WMO support. Participants who have been selected for WMO support will be asked to complete a Request for Financial Assistance (RFA) form.
