We are pleased to announce an exciting partnership with Leading Edge Only to help our tenants connect to corporations seeking innovations, technologies, expertise or services.

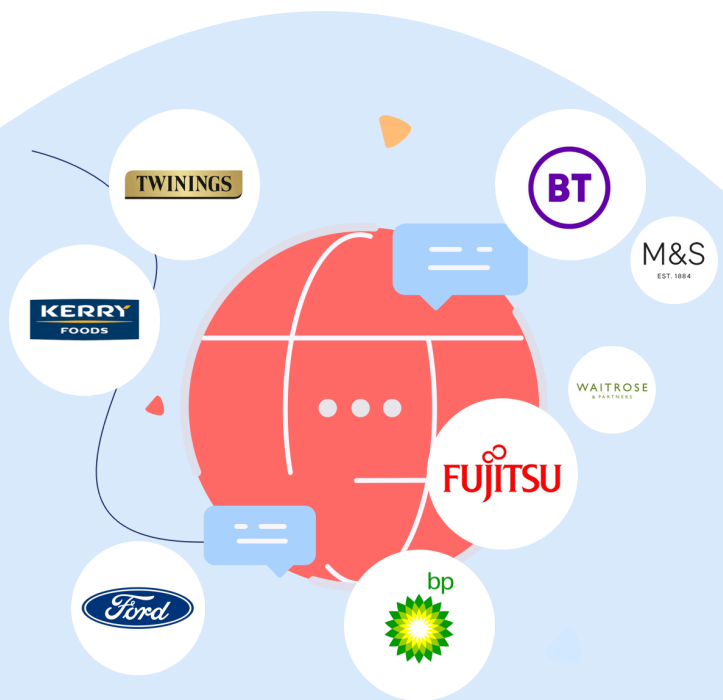

---

## Who is LEO?

Leading Edge Only (**LEO**) is the world's largest Global Innovation Platform, operating in over 120 countries.

LEO connect innovative fast-growth start-ups, scale-ups, Universities, and other organisations and experts to corporations seeking the latest innovative technologies, products, services or expertise.

This is a free service we are providing to our tenants seeking to get their solutions and expertise in-front of major corporations. There are no fees or commissions - you pay nothing!

---

## What does LEO do?

LEO connects major corporations such as IBM, Fujitsu & Walgreens Boots Alliance with creative innovators who solve their problem statements. They are known as the top match makers in the innovation industry!

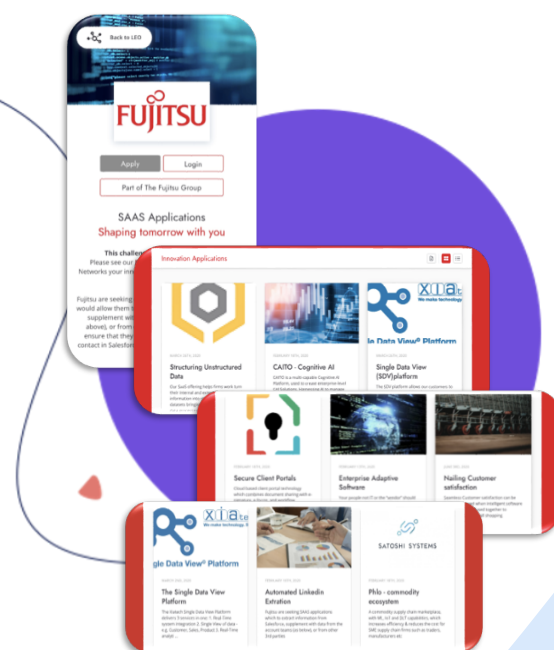

## How do you benefit?

1. **Global Promotion of You and Your Solutions** - Add your innovations or expertise on the LEO platform and immediately your solutions or expertise will be promoted to potential clients worldwide. LEO has also created a dedicated [ecosystem](#) for our tenants!

2. **Automatic Notifications of Opportunities** - You will then be automatically sent Innovation Challenges from some of the world's largest corporations.

3. **Connect to Corporates** - If you have a relevant solution or expertise you can respond to the Challenges and get your innovation / expertise in front of those looking for a solution. If you have what they are seeking, they will contact you directly. It's that simple!

4. **It's Completely Free** - This is a free service to our tenants – no hidden charges, fees or commissions.
