

domestic
abuse
commissioner

Have you experienced domestic abuse, live in England and Wales, and used support services or thought about getting support in the past three years?

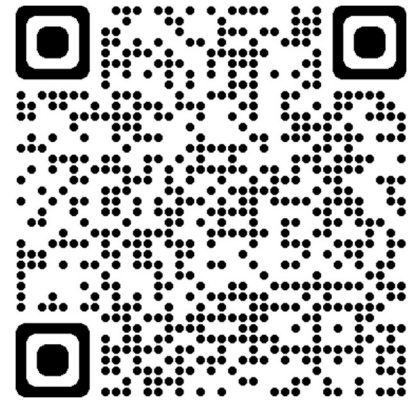

If so, the Domestic Abuse Commissioner wants to **hear from you** about your experiences, as part of her national mapping work.

The survey takes 15 – 25 minutes and will be open until 31st January 2021.

The survey is **anonymous** and will not ask you about your experiences of abuse, but about what help you wanted to receive and how easy or difficult it was to get this help.

Information is available in the survey on how to cover your tracks online, and you might want to think about where you can access the survey privately and safely.

Take the survey by following this link: <https://bit.ly/3GhT2yN> or scanning our QR code

Please remember help and support is available – call the National Domestic Abuse Helpline run by Refuge on 0808 2000 247 or find other resources at www.domesticabusecommissioner.uk/resources
